- Owners just let it go: crisis, no money
- Unsafe spots, and it spreads.....
- People feel uncomfortable
- Citizens take responsibility
- Government should support this
- Other organisations should join in
- Give the city back to the people
- At the end investors might be interested

Temporary use of wastelands

- Wastelands, common in most cities: annoying!

Temporary use of wastelands

- But citizens have good ideas!

Temporary use of wastelands

- Citizens of Hengelo can adopt a wasteland
- Citizens can make a plan
- Local government supports, with deregulation, money (neighbourhood vouchers) and expertise
- They take responsibility for their we-land or wij-land as we call it in dutch!
